Our School

SBD International School, Conceived in the year 2012 and established in 2013, is a 'Dream come True' of Sri Rameshwar Charitable Trust. The school has carved a niche in the entire district of Bhadrak and has made its presence felt in the state as well. This is an inclusive, independent co-educational school which mirrors and practices the best International Educational techniques.

Mission

"To provide a holistic education that balances academic rigor, character development, and personal growth, preparing students for success in a rapidly changing world."

Vision

"To nurture a community of lifelong learners who are empowered, compassionate, and responsible global citizens committed to making a positive impact on the world."

DIRECTOR'S MESSAGE

Dear Parents,

Welcome to SBDIS, where learning, growth, and discovery come to life every day. At our school, we believe each student has unique potential, and we are dedicated to providing a nurturing environment that promotes academic excellence, creativity, and character development.

Our faculty inspires students to think critically, act compassionately, and develop the skills needed for success in a changing world. Together with our families, we aim to create a supportive, vibrant community where every child can thrive.

Thank you for considering SBDIS as your partner in education. We look forward to welcoming you!
Warm regards,

Mr. Yudhistir Debata
Director/Principal

06

Computer Labs:

State-of-the-art computer labs with high-speed internet and the latest software to support digital literacy and tech learning

04 Outdoor Field:

provide ample space for outdoor sports like cricket, basketball badminton and physical training

05 Creative Arts Spaces:

Dance Studio ,Music room with instruments and equipment for both solo and ensemble practice.

STEAM

PROGRAM OVERVIEW

GRADES (1-5)

The STEAM frameworks which have Science, Technology, Engineering, the Arts and Mathematics as access points of learning enhances the exploration, imagination, asking question, and engagement capabilities of the children from age 6-11yrs. STEAM is a learning model for future that caters to the 21st century Learning Skills as per NEP 2020 and NCF-2023.

Key Features:

01

Individualized Attention

Small class sizes to cater to individual learning needs. Differentiated instruction to meet diverse developmental levels.

02

Research-Based Learning

SBDIS has incorporated research-based learning into our curriculum. This method revolves around asking questions, conducting investigations, and exploring topics in-depth.

03

Project-Based Learning

Instead of just memorizing information, in SBDIS we are now using project-based learning. The projects are about things like science experiments or social studies investigations, making learning more hands-on and practical.

04

Holistic Development:

Activities designed to support physical emotional, social and cognitive growth. Emphasis on social interaction, communication, and empathy.

Key Features: STEAM

05

Integration of Curriculum with STEAM in lined with NCF-2023

Blending of literacy, numeracy, arts, and science into everyday activities
Early introduction to STEAM concepts (Science, Technology, Engineering, Arts, and Mathematics)

06

Personalized Learning Plans

In SBDIS we are implementing personalized learning plans to cater to individual needs. These plans consider a student's pace of learning, preferences, and interests, ensuring a more customized and effective learning experience.

07

Mindfulness and Well-being

Meditation, yoga, and relaxation techniques are being integrated into the curriculum to promote emotional well-being and stress management.

08

Continuous Assessment and Feedback

SBDIS uses ongoing ways to check how well students are doing instead of just relying on big exams. This helps students get feedback right away, so they can see where they can get better, and encourages them to think about growing and learning.
